PORTFOLIO

RÉSUMÉ

SUMMARY

Product designer who ships end-to-end — from Figma prototypes to deployed, responsive production sites via an AI-assisted build workflow. Strong in design systems, brand identity, data-dense interfaces, and visual craft; builds custom, client-friendly CMS back ends so non-technical owners can run their own sites.

EXPERIENCE

Freelance Product & Web Designer • Stray Design

May 2025 – Present • Remote

- Design client websites end-to-end in Figma (custom design systems, component libraries, hi-fi prototypes), then ship them as live sites using an AI-assisted development workflow (Claude, Cursor)
- Build custom, easy-to-use CMS back ends so non-technical business owners can update their own sites without help
- Live client sites: Andy's (bar & grill), Bullfrog (bar), and Sea Cave (aquatics retail) — one now serves 2,000+ monthly users
- Produced 15+ complete spec-pitch site concepts across hospitality, retail, and services; shoot and edit original food & brand photography

Product Strategy Extern • News Corp (Externship Program)

Feb 2026 – Apr 2026 • Remote

- Remote, project-based externship on AI-driven features for digital news products; translated algorithmic concepts into UX deliverables and a final design presentation

Brand & Content Strategy Extern • TikTok / Sapphire Studios (Externship Program)

Jan 2026 – Feb 2026 • Remote

- Remote, project-based externship applying design-system thinking for cross-platform consistency; synthesized the work into a brand & content playbook

Merchandiser • New Hampshire Distributors

Jun 2024 – May 2025 • Rochester, NH

- Stocked and merchandised beer product across retail accounts — the hands-on retail experience that inspired MIDDLEMAN

Design Lab Technical Assistant • UNH Paul Creative Arts Center

Aug 2023 – May 2024 • Durham, NH

- Helped students with Adobe Creative Suite and project-design questions during open lab hours

SELECTED PROJECTS

- **MIDDLEMAN (middleman.quest)** — data-dense inventory platform for beer distributors; design system + order/route-planning flows
- **First Day (firstday.life)** — mobile-first goal-achievement web app; onboarding-to-daily-task flows and an accessible design system

EDUCATION

B.S. Marketing • University of New Hampshire

Fall 2021 – Spring 2025 • Durham, NH

- Relevant coursework: Principles of Design, Photography (2 semesters), SolidWorks (3D CAD)

SKILLS & TOOLS

Design	Figma (components, auto-layout, prototyping, design systems), Adobe Creative Suite (Photoshop, Illustrator, InDesign, XD), Sketch
Methods	User flows, wireframing, hi-fi prototyping, design systems, responsive & mobile-first design, accessibility
Brand & Visual	Visual identity, logo systems, typography, color, photography (shoot + edit), social media systems
Build	AI-assisted development (Claude, Cursor), custom client-friendly CMS back ends, Git, Vercel, Sentry
